You are now signed up to support us via Give as you Live. We recommend that you to install the donation reminder. This will make donating super easy. See instructions below:

Installing the donation reminder

Now that you're signed up, you can install a donation reminder to your internet browser. This will pop up whenever you open a participating website.

Go to:

https://www.giveasyoulive.com/donation-reminder

Click 'get donation reminder'.

This will take you to the webstore. Click 'get'. It will look slightly different, depending on what browser you use, but it works the same.

Once installed, the reminder will pop up whenever you visit a participating online shop:

Then all you have to do is click the green 'Raise a donation' and any purchase you make will raise a donation for us.

Please note: When you make a purchase, the donation will not immediately appear in your account. This is because the store needs to tell Give as you Live about the purchase first. Most stores are quick to do so and in the majority of cases, your transaction will appear in your account the morning after the purchase. You will also receive a confirmation email.
