

Carers Support Centre

Opportunities available to help make life better for carers

Carers Support Centre (CSC) Bristol and South Gloucestershire provides a wide range of information, advice and support services for unpaid adult and young (children) carers.

A carer is someone who provides support to family or friends who could not manage without this help. This could be caring for a relative, partner or friend who is ill, frail, disabled or has mental health or substance misuse problems. All the care they give is unpaid. **Three out of five people in the UK will become carers at some time in their lives.**

More people have become carers as a result of the Covid 19 pandemic and we want to ensure that we reach and link them into support. Through additional funding from Bristol City Council, we are able to increase staffing in some of our existing services in Bristol until 30th June 2022 and are advertising for a:
